GREW, MORTER & HARTYE P.A. · SINCE 1981

We're Hiring Clinicians Across North Carolina

Join a collaborative, **fully telehealth** group practice.
Keep your independence, gain a team.

WHO WE'RE LOOKING FOR

- **Adult therapists** who also enjoy working with parents
- **Family therapists**
- **Psychologists (Ph.D./Psy.D.)** for testing: ADHD, autism, learning and psychodiagnostic evaluations
- **EMDR clinicians**: join colleagues who also practice EMDR
- **Post-doctoral fellows**

Doctoral and master's level. NC licensed or license-eligible, living in North Carolina.

WHY CLINICIANS JOIN US

- **Work from home** anywhere in NC. No commute, no office rent.
- **We handle insurance** claims and billing.
- **Credentialing help** to get you on insurance panels.
- **Steady referrals**, children through adults.
- **Weekly team meetings** for consultation and support.
- **Your schedule, your caseload.**
- **Pre-tax cafeteria plan** and automatic tax withholding.

COMPENSATION

Clinicians are W-2 employees, and income reflects the clients you see. Overhead is approximately 20% at a caseload of 18 or more clients a week; because our costs are fixed, the percentage decreases as your caseload grows. It covers billing, insurance, scheduling, administrative support and payroll taxes. The practice takes no profit.

Practicing on your own? If you're the only therapist in your town, you don't have to do it alone. Keep your clients, your schedule and your community, with a team behind you.

Let's talk.

Email your CV and a brief letter of interest to **GMH@gmhpsych.com** or call **919-783-5431**.
