GMH PARENT/GUARDIAN CONSENT FOR PSYCHOLOGICAL SERVICES
(MINOR CLIENT)

PARENTAL/GUARDIAN ACKNOWLEDGMENT + CONSENT AGREEMENT

I understand that Grew, Morter & Hartye, P.A. (GMH) requires consent from both parents or legal guardians in order for a minor child to receive treatment and psychological services. Only in the event that circumstances are such that only one parent or legal guardian is able to sign (e.g. the best efforts of GMH and the parent or legal guardian signing below aren't successful in locating the other parent or legal guardian, one parent/legal guardian is incarcerated, etc.), GMH will accept the signature of one parent or legal guardian. In all other cases, this Agreement shall contain the signature of both parents or legal guardians, or shall be accompanied by a separate signed copy of this Agreement, which taken together with this Agreement, contain signatures of both parents or legal guardians.

I acknowledge that I had the opportunity to ask any questions I had about this requirement and regarding the services provided to my minor child, and any questions I may have had in that regard have been answered to my satisfaction.

I have been informed, and consent to have my minor child, _____,
receive psychological treatment and/or evaluation services at GMH.
